

DEBICELLA FOR CONGRESS

Money Bomb -- \$25,000 in 72 Hours

Dear Friends,

The end of the financial filing quarter is fast approaching and with your help we will meet the goal that the NRCC has established for us. Your [contribution](#) is urgently needed.

You can make the difference! We need to generate \$25,000 online by Wednesday at midnight. Hitting the NRCC target by Wednesday at midnight will trigger more contributions from outside of Connecticut and those funds will make the difference as we work to defeat Jim Himes in November. Your [contribution](#) today can open the floodgates over the next few months.

Help me restore fiscal sanity to Washington!

Jim Himes has neglected the best interests of Fairfield County residents. His votes to increase discretionary spending by 22%, to create a government healthcare system, and bail out the auto industry have shown an utter disregard for us here in Fairfield County. Now is the time to change that.

Help me protect Americans! Jim Himes has voted to put the civil rights of terrorists before the rights of Americans to live safely and peacefully and has failed to support the rights of Israeli's to defend themselves from Muslim extremism. These actions illustrate just how misguided Jim Himes's priorities are. Now is the time to change that.

I believe there is a better way! I will vote to replace the stimulus package with a tax cut for families and employers, and I will hold terrorists accountable for their abhorrent actions.

Nancy Pelosi and Jim Himes only win if you do nothing.

Your [contribution](#) of \$100, 250, or \$500 by June 30th will lead to the defeat of Jim Himes in November and put a true fiscal conservative in Washington.

All my best,

-Dan
